Adventure

About the Adventure Camps

Camp Contact: Kathy Capps & Michael Kafsky, 831-6855 or 831-6640 ext 6857
Email: kathy.capps@ci.raleigh.nc.us or michael.kafsky@ci.raleigh.nc.us

For over twenty years the Adventure Program has offered diverse camp opportunities. All programs differ in age, activity, length, benefits, and cost, yet they share a fun and supportive environment where students can challenge themselves. The Adventure Program is managed by Kathy Capps and Michael Kafsky, who combine over 20 years of experience as outdoor instructors. They are committed to the mitigation of risk associated with outdoor activities and provide technical support for high adventure activities such as climbing, whitewater paddling, ocean sailing, and single track mountain biking. Day-to-day camp supervision and adventure programming is provided by qualified staff members who have completed a 14-day staff training. Staff-to-student ratios are reflective of the adventure industry. Camps take place in a demanding environment, thus students must be able to function physically, cognitively, and behaviorally in a manner that supports everyone's safety. Additionally, students must gain approval from a physician for their chosen activities. All students are expected to attend daily and come prepared since programming is based on a planned progression. Swimming skills are required due to the number of water related activities. Most equipment is provided with the exception of mountain bikes. We hope you find a camp that meets your needs! **Parent Orientation** – A mandatory parent and camper meeting will be held at Durant Nature Park (8305 Durant Road) on Tuesday, June 13, 2006 from 6:30-9:00pm. Attendance is your responsibility. It greatly assists our efforts to address safety issues and prepare you and your camper for an enjoyable experience.

Camp Contact: Kathy Capps and Michael Kafsky, 831-6640 ext 6857

In addition to these common elements, each

session has a survival central focus and uses games and initiatives to help build a sense of team. Sessions operate as a day camp with an overnight field trip to Eno River State Park at the end of the second week. This camp provides many challenges and fun adventures for youth and provides information and skills for persevering in a survival situation. **Transportation** – A shuttle to Durant Park from Jaycee Park is available. For over twenty years the Adventure Program has offered diverse camp opportunities.

All programs differ in age, activity, length, benefits, and cost, yet they share a fun and supportive environment where students can challenge themselves. The Adventure Program is managed by Kathy Capps and Michael Kafsky, who combine over 20 years of experience as outdoor instructors. They are committed to the mitigation of risk associated with outdoor activities and provide technical support for high adventure activities such as climbing, whitewater paddling, ocean sailing, and single track mountain biking. Day-to-day camp supervision and adventure programming is provided by qualified staff members who have completed a 14-day staff training. Staff-to-student ratios are reflective of the adventure industry.

Camps take place in a demanding environment, thus students must be able to function physically, cognitively, and behaviorally in a manner that supports everyone's safety. Additionally, students must gain approval from a physician for their chosen activities. All students are expected to attend daily and come prepared since programming is based on a planned progression. Swimming skills are required due to the number of water related activities. Most equipment is provided with the exception of mountain bikes. We hope you find a camp that meets your needs!

Parent Orientation – A mandatory parent and camper meeting will be held at Durant Nature Park (8305 Durant Road) on Tuesday, June 13, 2006 from 6:30-9:00pm. Attendance is your responsibility. It greatly assists our efforts to address safety issues and prepare you and your camper for an enjoyable experience.

Adventures at Umstead Camp

Location: Umstead State Park
Camp Contact: Kathy Capps and Michael Kafsky, 831-6640 ext 6857

Age: 12-14yrs. Welcome to some of the most exciting camps Raleigh has to offer. This camp offers two weeks of fun daily activities that build adventure skills, character, and a sense of team. A progression of activities includes group building games and initiatives, an orienteering event, nature interpretations, backpacking, and a park service project. Other activities include swimming,

canoeing, and hiking. Program highlights vary with each session and boast at least two days of field trips to sites such as Pilot Mountain, the Neuse and Haw Rivers, Falls Lake, and Uwharrie National Forest. The first week builds the outdoor skills necessary for an overnight trip to a unique area during the second week. This overnight gives students the opportunity to apply all of the skills they have learned in a final challenging scenario. All sessions have a maximum group size of 12 and a minimum staff/student ratio of 1:6 with an addition of the program supervisor during high adventure activities. Early Drop off begins at 7:30am and late pick-up ends at 6:00pm. All campers should be dropped off and picked up at the Reedy Creek entrance to Umstead State Park of I-40. The camp is located at Umstead State Park and is accessed ONLY by the Reedy Creek entrance off I-40.

This experience will challenge campers to find new levels of self awareness and will demand campers to utilize skills that were developed during week one. All sessions have a maximum group size of 12 and a staff/student ratio of 1:6 with the addition of a Program Manager during high adventure activities including the expedition. Sailing session has a maximum staff ratio of 1:7 with the addition of an Adventure Program Manager and two Captains during the expedition. Trail meals are provided during the expedition.
